*Science Elective- Students select from Biology 101, 102, 150 or 158, 160 or 168; Geography 131; Geology 101, 103, 107; Environ, Engineering 513; Environ, Soil Science 462,

**CE Concentration Electives/Labs- Students must select 2 of the following concentration sequences:

Offered only in the Fall: structural (CE 461 or 467 and CE 463), transportation (CE 455 or 458 and CE 456), water resources (CE 494 or 497 and CE 496),

Offered only in the Spring: environmental (CE 481 or 487 and CE 482), geotechnical (CE 430/533 or 437/533 and CE 432), construction (CE 441 or 448 and CE 432[SP] or CE 463[FA]).

***Technical Electives

All areas ACCT. 200/207, EF 333, PHYS 231, PHYS 232, MATH 251, ME 231, ME 331, ECE 201, COSC 102, CHEM 210, CHEM 260/268

Construction CE 581, CE 582, CE 583, CE 584

Environmental CE 485, CE 495, CHEM 210, CHEM 260/268, CHEM 330, ENVE 511, ENVE 513, GEOG 411

Geotechnical CE 531, CE 535; GEOL 310, GEOL 330, GEOL 340, GEOL 370, and GEOL 471

Materials CE 521, CE 522, CE 525 Structures CE 462, CE 472, CE 474, CE 576

Transportation CE 551, CE 552, CE 553, GEOG 411
Water Resources CE 485, CE 495, ENVE 515, ENVE 516, ENVE 526, ENVE 533, GEOG 411

Please be advised that this list is not exhaustive and additional courses may be considered and approved as technical electives by departmental petition. For example, students may take any Civil or ENVE 500 level course and additional

Civil concentration electives beyond the two (2) required as technical electives. Most upper level engineering, math, and science classes are also permissable. Please contact the Civil Engineering Advisor if you would like to request approval for a course.

Civil Graduation Requirements

Students are required to maintain a cumulative grade point of at least 2.0 in all civil engineering and environmental engineering courses taken at the University of Tennessee, Knoxville, used to satisfy the graduation requirements.

No more than four credit hours of civil and environmental engineering courses in which a C- or lower is the highest grade earned may be counted toward graduation. Students must earn a grade of C or better in all courses within their two selected concentrations. Students are strongly recommended to meet with their faculty advisor every semester.

Students also have opportunities for an Honors Concentration and/or a five year BS/MS program. See the Undergraduate Catalog for details and requirements.

¹ The construction concentration sequence does not have a dedicated lab unlike the other concentrations. For this reason, students may either take the geotechical or structural lab to complete this course sequence. However, students may not double-count concentration labs (e.g. if your chosen concentrations are construction and structural, you may not use the structural lab to satisfy the construction sequence and must take the geotechnical lab to complete the construction lab requirement).

Volunteer Core courses highlighted in light orange.
