

Chemistry Jeopardy!

Come participate in a chemistry-themed Jeopardy challenge and learn how the chemistry concepts connect to chemical engineering!

Rules:

- Students will compete in teams of up to 3 students.
- No calculators or phones will be allowed during the competition. If scratch paper is needed, it will be provided to the teams during the competition.
- Students will compete on the Jeopardy board with two other teams in a round. The schedule of rounds will be posted near the event room shortly after registration closes. The first round is scheduled to begin at 10 am.
- Top 3 teams from the preliminary rounds will compete in Final Round schedule, tentatively scheduled for 1:00 pm.

Registration:

Teams are encouraged to pre-register for the event through the Engineers Day RSVP. However, teams may also register during the morning of the event between 9:00 – 9:45 am based on availability. First come, first served as space is limited.
