

Tau Beta Pi's Quiz Bowl

Quiz bowl consists of the three rounds:

Round One: Teams will be given 30 minutes to complete 60 multiple choice problems. The top eight teams will proceed on to the second round.

Round Two: Teams will be given 30 minutes to complete 15 multiple choice problems. The top four teams will proceed to the final round.

Round Three: The final four teams will compete in a head to head buzzer round. The first team to buzz in has 30 seconds to produce a correct answer. If the answer is incorrect or the time has expired before the answer is given, another team will have a chance to answer the question. The top three teams with the most points at the end of 15 questions will be the winners of this year's Quiz Bowl.

General Quiz Bowl Rules:

- **NO Calculators or Phones are permitted**
- No outside resources or notes are allowed
- Cheating will not be permitted and if a team is caught in the act of cheating, they will be immediately disqualified.
- Teams will be assigned designated places for their teams to sit during the competition.
