

Capture the Flag Rules:

- Google is allowed, but refrain from asking ChatGPT or other AI services what to do – the best learning happens when you figure it out yourself!
- Teams of up to 4 are allowed, but if you want to participate alone, that's fine as well
- Scores are based on amount of time it takes to complete questions and number of questions answered correctly
- Questions will be on a website (TBD) – questions can only be answered in the designated competition room.

That's it! Just come answer questions and have some fun!
